

Quality Policy

Areco Italia has established a Quality Management System compliant with the requirements expressed by the UNI EN ISO 9001: 2015 standard for the following activities: "Research, development and production of spray paints and technical products for third parties through production phases of empty can, plastic components, paints and filling".

The Leadership considers the Quality Policy as the means to lead the production processes towards the continuous improvement of its performance. It forms an integral part of the general strategy of the company which has as its goal the customers satisfaction who order spray paints and technical products and is based on the following objectives:

- Ensure complete fulfilment of the mandatory requirements relating to the activities carried out;
- Guarantee a safe and high quality product;
- Guarantee a large product portfolio in line with customer expectations;
- Implement process monitoring, continuous improvement of the Quality Management System and reduction of inefficiencies in the production management;
- Promote staff competence, awareness and participation;
- Guarantee the health and satisfaction of the company's staff and the creation of a climate of constructive collaboration;

Additional quality objectives will be defined at least annually during the management review. In order to achieve these quality objectives, the Leadership undertakes to:

- Develop, maintain and constantly improve a Quality Management System compliant with UNI EN ISO 9001: 2015;
- Periodically monitor the quality system through the preparation of internal audits, in order to assess compliance with the same;
- Ensure that the Quality Policy is communicated, understood and applied at all company levels and available on request to interested parties.

Areco Italia has determined the external and internal factors relevant for its purposes and strategic guidelines and which influence its ability to achieve the expected results for its Quality Management System by the risks and opportunities assessment. This Assessment is reviewed once an year or upon change of the factors analyzed.
